

Alex Polozov

Professor Viswanatha Rao (Vishwa)

6263-ITAI-1371-Intro to Machine Learning-S10-12321

June 25, 2026

I confirm that this lab assignment was completed individually. I am solely responsible for all steps of this project, including:

Data exploration and pattern analysis.

Data cleaning (handling missing values in Age).

Feature engineering (One-Hot Encoding).

Feature scaling (StandardScaler).

Theoretical reflection and knowledge check answers.

I have performed all data processing, code implementation, and analysis without external assistance, ensuring that all findings and documentation reflect my own independent work.
